Rocket	DS Scatter				
Rosemary	TS				
Rocket	DS Scatter				
Sage	TS				
Silverbeet	DS				
Spinach	TS/DS				
Spring onions	DS Scatter				
Strawberries	TS				
Thyme	TS				
Tomatoes	TS				
Warrigal Greens	TS/DS				
Zucchini	TS/DS				

Consider plant requirements. (sun/shade, spacing and space required, companions for optimal growth, etc.)

- DS = Direct sow seed. Directly sow seeds into garden bed. Work out spacing and depth of seed required.
- TS = Transplant (Start indoors in containers and plant out seedlings in 4-6 weeks, when about 6 leaves on seedling.) Or buy seedlings (harden-off) before planting in garden

Month: Add the date planted/seeds sown

Notes: Eg. Weather (frost sensitive?) companion plants, maintenance, pests and care, harvested, etc.

Companion Flowers and herbs: Alysium, Cosmos, Marigold, Nasturtium, Borage, violets, dill, coriander, basil...
